## Bus problem - zoning matter considered by Council

Under New Business, Mayor Gibbon reported that council had been advised that afternoon that the bus service provided by Western (or Blue Goose) Bus Company will be terminated as of April 1st. Coun. Bakker noted 'we have two related problems - bus service in town - and with city service.

He thought the new provincial planning act might allow for some regional transportation authority, and moved that council allow sometime at the meeting scheduled Tuesday evening to discuss the problem, which he said "is outside our jurisdiction" and that they ask the MLA to meet with them. His motion to this effect carried unanimously. Coun. Lukay said that the town must act, whether or not such meeting is successful. We have a responsibility with respect to St. Albert citizens." Mayor Gibbon thought council should look at the possibility of tendering another bus service in town.

Coun. Hudson had a concern that zone maps might not indicate latest information on the proposed industrial zoning to the northeast, saying that the residential area is expanding to that vicinity, and if industry is coming in, residents have the right to know. Coun. Thronson agreed. Coun. Bakker pointed out

## Public input invited - community school

The Board of the St. Albert Protestant School District #6 invites interested individuals and groups to examine the sketch plan for a new community school which will be built in Lacombe Park at Langley Ave. and Leon Place.

The Department of Education has approved the following facilities for the new Community Core School: -- 6 general classrooms; one early childhood service classroom; one science experience classroom, one ancillary classroom, one library, one gymnasium with shower and dressing rooms, physical education offices, stage, gym storage and lavatories, administrative counselling and staff centres, one infirmary, one lunch study room including a kitchen, contingent upon providing noon meals for at least two-thirds of the pupils.

In addition the architect

is making provision for plugging in up to 12 relocatable classrooms.

## MD asks Town for General Plan

A letter from the MD of Sturgeon was before Town Council meeting as Committee of the Whole Monday evening regarding the town's requests for rezoning in the proposed expansion of the Lacombe Park area. The MD advised that they have recognized Urban Expansion in their General Plan in the St. Albert area. Prior to rezoning an area proposed for Agricultural Urban Reserve, however, the MD are requesting the town to submit an overall General Plan for future expansion of the Town.

Chairman de Bruijn felt this is a case "where the MD has neatly dodged the issues, and the letter was tantamount to refusing rezoning." Mayor Gibbon, noting that the MD has recognized Urban Expansion for the town, thought "We have half" - there is Urban Reserve and General Urban Reserve on the west, he concluded.

Coun. Bakker terminated the discussion by moving that the letter be referred to staff for a report. Motion carried 7-0.

Mayor Ray Gibbon, left, and MLA Ernie Jamison have a hard time looking dignified while stuffing chocolate cake into their mouths. Perhaps the young Cubs and Scouts figured this was a good way to prevent any speech making on the Mall Saturday morning when they invited the two politicians to make the first cuts in their "Thank You" cake. Catch the expression on the young fellow watching the mayor at centre!

## Protestant Board plans buildings and portables

Three major items were discussed at the District No. 6 School Board meeting on Feb. 13, 1974. They were the increasing student enrolment; a proposed expansion to the Administrative Centre and the proposed Lacombe Park Community Core School.

Mr. Elmer Gish, district superintendent, submitted a report on district enrolment trends at the elementary level. Enrolment in Grades

1, 2 and 3 had been increasing steadily. The actual increase is 72 and if this trend continues, some 70 new elementary pupils will arrive in the district by the end of the current school year.

To allow for the increased student population, Mr. Gish put forward a recommendation to approve the rental of five more portable classrooms from the Edmonton Public School District. These portables would be

located at several schools within District No. 6 and they would be suitable for Early Childhood Classes should the need to accommodate regular students decline. It was also recommended that the Board authorize the superintendent to temporarily increase maximum classroom enrolment to 32 students in Grades 3, 4 and 5 until additional classroom space becomes available. ## Great evening honours Hec and Marilyn

By the time Bob Hudson took over the mike Saturday evening the Friendly Giant Inn was jammed with well wishers honoring the Hec Gervais and Marilyn Johnston rinks who will represent Alberta in the Canadian championships.

Dancing to the music of a lively trio was suspended while Bob called on various people for presentations to Marilyn and Hec and their team-mates. He noted also the successes of the Roger Comeau and Al Edwards rinks in the mixed curling and one Armand Donais in the seniors.

In offering his congratulations to the two teams, President Jack Jeffries also had words of praise for rink manager Art McCormack and ice maker Ray Kremer, and concession manager Laurie Kremer, all of whom got a big hand from the crowd. The president presented handsome red flight bags to Hec's team from the club. MLA Jamison presented bow ties in the Alberta tartan, which Mr. Hudson observed would match the tartan jackets given the team by the Alberta Curling Association. Mr. Jamison also

had Alberta Pins for the girls. Gerry Belke congratulated both teams on behalf

of the St. Albert and District Chamber of Commerce and Please Turn To Page 2

## Council appoints Social Services Board

Councillor Thronson, at the Feb. 11 meeting of council, moved the appointment of Max Casavant, Colin Ford, Mrs. Esther Kubbernus and Brian Minielly to the Social Services Board. (Formerly the Preventive Social Services Board). He noted that the administration committee who interviewed the applicants, along with Mrs. Joanne Munro of the Department of Health and Social Development, were favorably impressed with all four. The meeting took place Jan. 31st with Chairman Thronson and Councillor Fyfe in attendance. Committee member Coun. Bakker was absent.

With the member from Council - Councillor Fyfe (alternate Coun. Bakker) the Board will number five. Under the bylaw the Board minimum is five and the maximum is 10.

Councillor Thronson felt

the Board should be kept small until it is well established, and said a smaller board is more efficient. Mayor Gibbon noted that only four persons had applied. Motion carried 6-0. (Coun. Hudson was out of town). The Board will elect a chairman and vice-chairman and the Director of Social Services will serve as secretary. Mrs. J. Bertsch is serving as welfare officer and P.S.S. director.

A new bylaw, No. 9/74, was given three readings and passed, to establish the Board and set forth its duties and responsibilities.

Under the bylaw non-council board members will hold office for three years and to get the arrangement started Mr. Minielly will serve one year, Mrs. Kubbernus, two years, and Mr. Casavant and Mr. Ford for three years. Members serve without remuneration.

Last week when Albert Lesburg was telling some of the fellows at the St. Albert Fish and Game meeting about feeding a buck deer a chocolate bar from his hand, they didn't believe him. So here it is fellows - the proof! Albert was on an elk hunting trip to the area southwest of Blairmore with Andy Lechambre of Edmonton last fall, and it took about four days before the deer would come this close. They saw only female elk, and had a trophy license. Picture was made from Andy's movie film.

that the area is now in the process of being rezoned to industrial.

Coun. Lukay, saying that council takes a good approach with including maps with ads on rezoning bylaws, felt that not enough of an area is shown for residents to pinpoint the location, such as in the present case of the northeast industrial rezoning. In reply to his question if the situation could be improved, Chief Admini-

strator Byron answered in the affirmative.

Coun. de Bruijn had driven to the area in question on Sunday and had a concern that a high knoll - perhaps the highest point in the town with a substantial stand of spruce trees should be retained for public use. Planner Wayne Gordon said he also had that in mind and had already expressed the opinion to the developer.

The advertisement of this particular rezoning bylaw No. 10/74, is appearing for the required second time in this issue of the Gazette. The area is roughly one mile east of the present eastern edge of Forest Lawn subdivision.

In other new business items the mayor reported that A.U.M.A. have been asked to meet in St. Albert Inn, and that costs would be borne by the Association except for a meeting room cost, which was authorized by council for \$15. He noted also that the St. Albert Fire Department had won first place in their population class and third place overall in national competition.

maximums are reached in Sir Alexander Mackenzie and Leo Nickerson Schools, new pupils in Grades 1 to 4 would be enrolled at Robert Rundle School.

Mr. Charlie Schroder, chairman, asked how many classrooms were in operation in 1973 compared to 1974.

Mr. Gish replied, "80 in 1973 and 100 today."

Mr. Schroder wanted to know whether floating classrooms were feasible, and Mr. Gish did not recommend them at the elementary level.

It was moved that Mr. Gish' recommendation be approved by the Board as a whole. The motion was carried.

Mr. S. Hodgson, architect from the firm Groves, Hodgson, outlined the plans for the proposed expansion and renovation of the Administrative Centre. The present building is inadequate for an expanding school district. The plans include space for an Instructional Materials Centre and a warehouse area. Mr. Hodgson discussed building styles and types of materials for construction. He strongly recommended air

conditioning for the building and the inclusion of an area for off-street parking.

The Board approved the plans subject to modifications.

Mr. J. Gardener, architect from Wood and Gardener Ltd, presented plans on the Lacombe Park Community Core School. He kept the plans basically simple bearing in mind the spiralling cost of construction. The plans include room for 12 plug-in classrooms, six permanent classrooms, two sets of students' washrooms, two mudrooms and a lunch/study room. The stage is designed for use as a secondary classroom and the school is expected to be ready in September, 1975.

Mr. Schroder enquired about materials for the exterior of the building.

Mr. Gardener said that he preferred to build a double wall for insulation in view of increasing heating costs. The inside walls would be vinyl-covered plasterboard which is practical but fairly inexpensive.

The inclusion of a lunch room with kitchen facilities was discussed but this as-

pect would need further study to determine whether the community at large would make sufficient use of this facility.

Two other recommendations were considered by the Board and both received approval. The Board authorized Mr. A. Armenian, teacher at Sir George Simpson School to initiate a film production option course at Sir George

Simpson School with the participation of the Audio Visual Services Branch. In addition, the Board approved in principle the International Teaching Exchange Fellowship Program proposed by the Government of Victoria, Australia and the superintendent was authorized to notify the Department of Education of the Board's interest.

Then Hec sang the song in its original version, and brought the house down twice.

The St. Albert Public Library is presently housing an exhibit of over 20 antique maps from the collection of local collector Rolf Jauch of 35 Mount Royal Drive. The maps on display include many of North America, Europe and Canada in particular. Several are printed on linen and the rest are in excellent condition despite

their age because they were originally printed on paper made from linen fibers. The art work and lettering are amazing in their minute detail. Most of the maps on display have been colored by hand. The oldest map Mr. Jauch has is one of Germany made in 1649. The oldest map of Canada dates from 1683. Both of these are included in the library's display, which may be viewed for the next two weeks.

The spring programs for children have begun again at the library. The popular Pre-school Storyhours are being repeated and are held every Monday at 10 a.m. and every Wednesday at 2 p.m. There is no registration necessary and no cost. In addition a bilingual Preschool Storyhour is presently being held every Thursday at 2 p.m. All of these include stories, games, songs and puppets. For school age children there are films every Friday from 4 to 5 p.m. at the library.

Membership in the library is free and the library is open seven days a week. The additional Sunday afternoon service, begun Jan. 1st, is proving very popular from noon until 4 p.m. At present Saturdays and Sundays are the times of heaviest use.

## Accent from Akins

On Valentine's Day, last Thursday at 11:30 a.m., Lorne Akins began its second annual Winter Carnival, and

by the end of the day everyone was frozen.

Mrs. Nelson, assisted by students, sold hot dogs a hundred-a-minute all afternoon and has to be commended for her excellent service.

By the end of the day, participants had completed sack and wheelbarrow races, five legged and speed skating races, and many more humorous stunts.

The classes of 9-3, 8-5, and 7-2 accumulated the most points during the afternoon and each class was presented with a box of chocolates. The over-all winning class was 7-2 which also received a trophy.

Each class was represented by a prince and princess and the winning class by King Dean Nordholt and Queen Lorraine Smith.

Lynn Bosetti, the social convenor, arranged for the band, "Kryshna" to play at the dance held later in the afternoon. All the awards were presented at the dance.

The students thank Mr. Buccini and Mr. Campbell for their help in organizing this eventful day, as well as Blaine Galbraith, Student Union President, Jo-Anne Olsen, sports convenor, and Lynn Bosetti, social convenor.

Everyone thoroughly enjoyed this year's carnival and hope that next year's will be just as successful and as much fun as this one has been.

# Letters to the Editor

## Unhappy with Town Council

The Editor:

I would like to express my dissatisfaction with the actions of the town council. The first event was when the council voted themselves a raise. They ran for office knowing what the salary was for the part time job. The taxes in St. Albert are high and this is one reason, 12 thousand dollars a year for a part time job, "ridiculous" some people don't make that kind of money working full time.

The recreational facilities in St. Albert are limited, the population has doubled but the facilities aren't keeping up. The arena is used from six a.m. to 10 p.m. We can have International Hockey (Polish Nationals) in St. Albert but our minor hockey teams can't find ice time. The outdoor rinks supply quite a few people, the main problem is the weather, since all games are cancelled after 10 below. Last year we had a warm spell and some games were cancelled and never played.

We need another arena that could operate all year round as the ice plant in the present arena is too small. The town council didn't take advantage of government grants that would have helped in financing of a new arena. Some minor teams have gone to the city in search of ice time and the players and coaches have had to use their own money.

If we joined the City of Edmonton many people in the St. Albert bureaucracy would lose their job. We would take advantage of a fine bus system, the recreational complexes plus not having to pay directly for a new arena or town hall. Our police system would be replaced by the police which in my opinion are far superior. We would immediately get some tax relief, on the average the city people pay less taxes as their tax load is more diversified.

On Sunday night at 6:30 T.V. news, the mayor of St. Albert, Mr. Gibson was talking to a grade five class about amalgamation with Edmonton. Do these grade five children pay his salary, how well informed are these children, do they read the paper? Were these children primed by their teacher to write these letters? I feel this is an inept attempt by Mayor Gibson to influence public opinion. I feel this was a very uninformative news broadcast.

D. Young,  
St. Albert.

## Disagree with Hogle

The Editor:

I am writing this in response to the article on the front page of last week's Gazette (Feb. 13) regarding Mr. Bruce Hogle's speech to the St. Albert Lions Club. Unfortunately my only access to Mr. Hogle's remarks at the meeting is the report in the Gazette. The report has it, however; that Mr. Hogle asserted that no harm can be attributed to violence on television. I beg to differ.

Since we are concerned with people let me mention one NEWS item (October 4, 1973, page 21, Edmonton Journal) that undoubtedly also appeared on the wire service in various television news rooms. The headline, "TV rapped in burning death," leads to several paragraphs pointing to a direct connection between a television movie and an act of violence.

"Six youths forced a young woman to douse herself with gasoline and then burned her to death." "Youths," an age level of direct concern to the Lions. But this is only an undocumented news account.

At this point in time I feel that enough documented research has indicated that definite, significant correlations exist between violence on television and children's aggressive behavior. Mr. Hogle's remarks, as reported, are irresponsible. This

responsibility is of greater importance due to Mr. Hogle's position as manager of News and Public Affairs for CFRN. He, and any other concerned adult, should be aware of the implications of these research findings. Those few that have the rare opportunity to do something positive should not pass this information off so lightly.

I would suggest the following as a sample of the related research; the list would actually be quite lengthy and is readily available.

Television and Growing Up; The Impact of Televised Violence, U.S. Surgeon General's Scientific Advisory Committee, Jan. 72.

The Effects of Viewing "Violent" TV Upon Children's At-Home and In-School Behavior, Cameron & Janky, 71.

Children's Responses to Television Violence, Lefter and Roberts, 1971.

Douglas J. Engel,  
St. Albert.

## Recreation Complex Needed

The Editor:

I have been a resident of St. Albert for the past nine years, and to date have been quite content.

However, I am now very perturbed over the apparent apathy and inaction that exists in our thriving town, with regard to some concrete planning and movement towards construction of a modern sports and recreational complex. I envisage a complex similar to the one which just opened in the much smaller town of Spruce Grove, and which encompasses year-round swimming pool, hockey arena and a curling rink.

Because of my two boys involvement with minor hockey, my own personal interests lean toward a fully modern and up-to-date arena, with facilities for year round ice; but I would be more than happy to support, through additional taxes or whatever, the much broader concept.

As taken from the Gazette of Feb. 6, 1974, St. Albert's population is now 18,395, of which 8,291 individuals are 18 years of age and younger. Out of this younger group, approximately 1,200 are taking part in the Kinsmen minor hockey program, and the existing facilities are utilized to their maximum. Even now, these facilities do not come close to meeting the proper requirements of the young people, whether it be hockey, figure skating, power skating, learn-to-skate, or public skating, and I shudder to think what a sorry state we'll be in next year, when total involvement in minor hockey alone will probably reach 1,700.

About a week ago, the Shaver A team, which my younger boy plays on, journeyed to the Winterburn Arena to play an Edmonton team. The result was pre-

dictable. The Edmonton team to that date had played 27 games and had 23 practices, for a total of at least 50 hours of ice time. Our boys, because of the limited ice available in St. Albert, had partaken in eight practices and seven games, of which all games were played on half the ice. Ridiculous!

This is what I'm talking about when I say our existing facilities do not properly meet the requirements of our youngsters. Now please, lets not have any idealists saying I'm upset because we lost a game to Edmonton. I simply believe that if any youngster wants to join in any sport, we as a town where the average age is somewhere in the early twenties, should have the facilities that would enable all to reach their maximum potential. Let's at least give them a fair chance to develop their skills in whatever sports endeavour they choose.

I would be very surprised if the majority of our citizens were not in favor of a modern, up-to-date sports complex. Certainly, everyone I have talked to is. Maybe it's time we started letting those we voted in as mayor and councillors, know our feelings, so that a firm and progressive proposal could be put before us at the upcoming civic elections.

How about it then! Lets call for some action. As was pointed out by our MLA Ernie Jamison, there are certain grants available from the provincial government, and possibly the federal government as well, for projects such as this, so the full costs would not have to be borne by the taxpayers. Has council been looking at any of this?

Jay Russell,  
16 Swallow Cres.

## Alternative to abortion

The Editor:

People are asking about this and some are saying that artificial contraception and acceptable family planning

are alternatives to this problem. Where is their evidence?

Are intrauterine devices (coils, loops) sometimes abortifacients? "Contraception" by pills "after the fact" (now called interception) is abortion, clearly.

In New York in 1972 some abortionists sought an alternative to their killing and a report had it that "despite intensive family - planning counselling - repeat abortions appeared." Reasons for contraceptive failure and abortion relapse were given and amazement was expressed.

Did the abortionists think that the device would settle for a lesser evil? Morally-acceptable family planning is too much like hard work and, therefore, especially for the men, has become the unacceptable method, generally.

Contraception can never be objectively good, the experts and guides say. One does not replace an evil (abortion) by another evil, albeit lesser one, (contraception). One replaces evil by what is good.

I cannot get away from the cause - effect relationship in sex and possible pregnancy. I believe that if

I do not respect the sex act (life is involved) I will not respect the consequence (new life).

If I wish to become an abortionist I believe that I should begin by becoming a contraceptiveist. "It should be emphasized that the promotion of contraception inevitably leads to the promotion of abortion," writes well known sociologist Paul Marx Ph.D.

One gets the impression that some think that new life arises in the women spontaneously and that the phrases "life from the father" and "life from the mother" are outdated. Perhaps we are regressing scientifically (spontaneous generation theory) as well as morally.

The alternative to abortion is self-management or self-control and this includes sex-control and not so-called birth-control. Logically it must mean that preventing life's existence on a widespread scale would solve the abortion problem.

Clearly, things do not work that way. Life is larger than logic.

# Youville Auxiliary hosts Valentine dance at Home

The Youville Auxiliary hosted a most enjoyable valentine's dance at the Youville auditorium on Thursday evening, Feb. 14 for the residents of the Home. Music was provided by the K.C. Starlite orchestra - a very lively band directed by Dan-

ny Boisvert which included Gilles Bourgeois, Bob Pampu, Joanne Boisvert at the piano and for this occasion Jean Paul Roy on the accordion. Between dances, Joanne Martineau and Joanne Boisvert delighted the gathering with vocal renditions.

Then Danny Boisvert and Joanne Martineau sang in French the beautiful number, "Quand le Soleil dit-Bonjour aux Montagnes" which they repeated in English. Armand Savoie, acting as master of ceremonies, proved as always very jolly and capable.

Prizes were given out for several of the dance num-

bers, and was an added incentive for the dancers to participate.

Ed Savoie arrived on the scene in the true spirit of St. Valentine! Wearing high red boots, a straw hat and on the back of his shirt a huge red heart which read "I love you all," he set out to prove just that. He showed no favoritism, dancing

with all the elderly ladies present - and even wheeling one dear soul's chair around the floor so that she, too, could join in the fun.

Refreshments were served during the evening and, at the conclusion of the dance, cake, coffee and tea were passed around by the Auxiliary members.

On behalf of the Auxiliary, sincerest thanks to the orchestra, the young vocalists,

to Armand Savoie and to our ever-clowning Ed for making the event so pleasant and happy for all. Special thanks also to the Sisters of the Home for their constant help and support.

The Youville Auxiliary would appreciate coupons from Nabob products. Would you please save these coupons for them? They will be put to good use - and we thank you in advance.

## Singles draw crowd

Close to 100 people attended the annual Cheese Festival and Membership Drive held Friday evening by the St. Albert Singles at the Legion Hall. They came from as far away as Grande Prairie and Westlock to sample the many fine cheeses and refreshments available.

Dancing away the evening, a good time was had by all, and some new members signed up with the club to make the event well worthwhile. The executive was

pleased with support from all quarters and looks forward to more such occasions.

"Bill has had a wide laymans ministry to FGBMFI conventions all across Canada and the United States during the past several years," Mr. McAmmond said "His message is of interest to all family members and not just to businessmen."

The St. Albert chapter was organized just over one year ago and usually meets once each month for breakfast,

testimonies of members and visitors, praise and worship. In commenting on the club, Mr. McAmmond noted that "there is a real need for a non-denominational approach to the Christian faith. While we are not a church, our meetings feature a

strong spiritual approach to the problems of life."

"All businessmen and their families are welcome at our meetings. Membership, while encouraged, is not a requirement and visitors are more than welcome," he concluded.

## Third period rally gives Comets 21st win

Four third period goals in one minute and 21 seconds powered Jasper Auto Parts Comets to a 7-4 win over third place Westlock Eagles Sunday night in St. Albert. The win, Comets 21st in 27 games gave them a two point lead over Sherwood Park Barons who bombed Stony Plain 13-3.

Eagles scored the only goal of the opening period when veteran Len Haley scored with the league leading pointgetter Leo Provincial setting him up. Comets tied the game early in the second on Harvey Kirkland's goal at 7:35 and went ahead 2-1 on Dave Couves goal at 10:29. Roger St. Arnaud gave Eagles a tie at 13:01 and after two periods of play it was 2-2.

Defenseman Dale Ripple put Comets ahead 3-2 at 11:57 with Gerry Armstrong drawing the assist. Comets then struck for four quick goals in less than two minutes to put the game out of reach. Doug Bell led off at 14:25, Randy Clark at 15:27, Danny Towpich at 15:27 and Kirkland's second of the night at 15:46 rounded out the Comets outburst.

Leo Provincial scored Westlock's final goal with one minute to play to finish the scoring.

The game was very cleanly

DALE RIPPLE

played with only nine minor penalties called, five to the Comets.

St. Albert has one game left in the 28 game schedule and that is with fifth place Winterburn on Feb. 27 in the Enoch Recreation Centre. Comets have to win that one for a chance to finish in first place ahead of Sherwood Park Barons. Barons are two points behind St. Albert but have two games to play, both against Westlock. Should Westlock win both, they would drop the Barons into third place and take over second place.

If Comets and Barons end up tied for first place, Barons would take first as they have scored two more goals in their four game series

GERALD ARMSTRONG

with St. Albert.

Comets play the second game of the provincials Sunday night (7:30) in St. Albert against Jasper Royals. Comets won 2 - 1 last Saturday in Jasper.

## Close Playoff game sees Comets get by Jasper

A third period goal by Perry Pearn gave Jasper Auto Parts Comets a well deserved 2-1 win over Jasper Royals in Jasper Saturday night, in the first round of the Intermediate A Provincial playoffs.

Pearn's goal broke open a close 1-1 tie after two periods of play with both teams getting excellent goaltending. Dave Couves scored for St. Albert midway through the first period on a goal-mouth scramble to give Comets a 1-0 lead. Dave

Bernhardsen tied the game for Jasper early in the second. Comet goalie Zane Jakubec made a number of excellent saves to keep St. Albert in the game late in the middle period.

The second game of the two-game total goal series will be played in St. Albert this Sunday, Feb. 24 starting at 7:30 p.m.

Comets had some good news Tuesday when their all-star defenseman Richie Perrault got time off from his job in Regina to finish

the playoffs. Perrault has missed about five games but will no doubt be in good shape for the game.

### HOCKEY ODDITIES

When Black Hawks coach, Pete Muldoon, was fired in 1927, he was furious and swore Chicago would never win the NHL title. It took 40 years for the Hawks to break the "Curse of Muldoon" and end the season at the top of the League.

## Hoffart sparks Midgets to 1st playdown win

Four goals in the final nine minutes--including two by defenceman Chris Hoffart, sparked St. Albert midgets to a 9-5 first game victory in their opening midget provincial playdowns game against Leduc Monday.

Hoffart, who also scored once in the second to record his first hat-trick of the season, personally took charge after Leduc had fought back from a 5-2 deficit to tie the game at 5-5.

He beat Leduc netminder Gary Takacs with a blistering drive from 35 feet out at 18:55 of the third, and then just five seconds later let fly with a slapshot from the blueline that caught Takacs by surprise and slipped between his feet.

St. Albert was scheduled to meet Leduc Wednesday night in Leduc in the second game of the total goal series.

Despite controlling play throughout the game, the midget Barons didn't get on the scoreboard until late in the first period, when Gary Ferguson batted home a Steve Foreman rebound at 17:40.

Less than 30 seconds later Darrel Billsten scored his first of two when he flicked a harmless shot out in front of the Leduc net, only to see a Leduc defenceman bat it by his own netminder.

The two goals erased a 1-0 lead Leduc took after just a minute and 40 seconds of the first period, when Bruce Young beat netmind-

er Keith Logan with a slapshot along the ice from a difficult angle.

Leduc tied the game 2-2 early in the second when Young potted his second, but St. Albert stormed back and hemmed Leduc in its own end for most of the period.

Steve Foreman gave the Barons a 3-2 lead midway through the period, and Hoffart made it 4-2 with a power play goal.

Early into the third Billsten his second, scored from Foreman and Ferguson, and St. Albert had a 5-2 lead.

Then a three-goal outburst by Leduc over the next five minutes with markers coming from Young, Robert Young and Rick Thompson lifted Leduc into the 5-5 tie.

Ferguson, with his second of the evening provided St. Albert with a one goal lead at the 11 minute mark, and then a drifting shot by defenceman Wayne Kuzio a minute later that caught the

far corner made it 7-5. Hoffart's two late goals provided the four goal margin of victory.

Referees Norm Tate and Hector Ringuette called 21 penalties in a well refereed contest, with St. Albert taking 14. Steve Foreman was ejected from the game with 11 minutes remaining when he took a minor for slashing, a misconduct and a game misconduct.

Five minutes later Gary Ferguson picked up two minors for slashing and roughing, then a deserved 10-minute misconduct and a game misconduct for arguing with the referees.

The win was the Barons 13th straight since New Years, including league and exhibition games.

They are scheduled to meet Barrhead Thursday in Northern Alberta Minor Hockey League action at the St. Albert Arena. Game time is 8 p.m.

## Fire Chiefs advance to second round

St. Albert Fire Chief bantams turned on the hustle and the power Sunday, skating to an impressive 11-3 conquest of Barrhead mid-gets in Alberta Amateur Hockey Association playdowns.

Coupled with a hard fought 6-4 win Thursday in St. Albert, the Fire Chiefs won the two-game total goal series 17-7 and advanced to the second round of the zone playdowns. They are scheduled to meet Drayton Valley bantams later this week, with the first game in Drayton Valley.

Sparked by a four point performance from Kenny Young -- two goals and two assists -- the Fire Chiefs turned the Barrhead game into a rout in the second period, when they outscored their opposition 7-1.

However, up until the final 35 seconds of the first period in the second game, the series was still anyone's contest.

St. Albert carried a two-goal lead into the final game, as Ronnie Sanders scored twice in the initial contest in St. Albert. Other St. Albert goals came from Donald Ouellette, who later broke his wrist in the game, Ken Strand, Blake Millroy and Kenny Young.

Rick Neumann, Don Robertson, Brian Gels and Brad Schmidt scored for Barrhead, which twice battled back from two goal deficits to tie the game in both the first and third periods.

However Millroy and Young provided the margin with two goals in the final seven minutes.

In Sunday's contest Barrhead came out flying and on five occasions had two on one and three on one situations in the first period, but on all occasions, failed to get a shot away.

Then with just 35 seconds remaining in the first frame, Ken Young beat goalie Shane

Wood on a rebound from Graham Brown. With only one second remaining Brown took a blue-line pass from Young and fired a blistering slapshot past Wood from 45 feet out, and St. Albert had a four goal lead going into the second period.

In the second the flood gates opened early as St. Albert completely dominated play.

Larry Sanders made it 3-0 in the game at 5:55 of the second, and within a further 75 seconds, St. Albert potted three more to take command. The goals were scored by Larry Hubbs, Dave Shipanoff, and Paul McCann.

Other St. Albert goal scorers were Kenny Strand, Jim Scheibelhofer and Larry Sanders and Kenny Young, each with their second.

Barrhead goals came from Rick Neumann, Don Robertson and Michael McKeever.

## Skiers have fun at Viscount stables

The second beginners' ski course sponsored by the Recreation Department of the Town of St. Albert, took place Sunday at the old Viscount Stables now known as Equestrian Manor.

In glorious weather and 25 - 30 above temperatures the 23 participants were joined by 30 members of the St. Albert Nordic Ski Club who provided hot dogs and coffee for everyone.

Most of the people on the course showed a surprising degree of proficiency, but again it was the children who made the greatest improvement.

At the midway break, Mr. Herbers, the manager of Equestrian Manor, met with all the skiers and told them some of the plans for development of the area into a recreational centre. He also said that the Nordic Ski Club could make use of the Equestrian Manor facility at any time.

In the afternoon the skiers

Spills were the order of the day at the beginners ski clinic held on the weekend, but nobody seemed to mind, least of all this young lady who obviously enjoyed the tumble.

were introduced to down and uphill technique and there were some spectacular falls but everyone thoroughly enjoyed themselves.

The course rounded up with a tour of the area which

took in a couple of big climbs and a fast descent into the Sturgeon Valley.

Nordic Ski Club day trip to Elk Island meet at 10 a.m. Percy Page Centre. People needing ride phone 458-1928 during day.

## Legal and Namao lead semi finals

Legal and Namao took 2-1 leads in their best of five semi-final series in the Sturgeon Valley Senior Hockey League playoffs.

Namao on goals by D. Hegadorn, B. Akerman, B. Clark and A. Yeske shutout Calahoo 4-0 in their opener last Tuesday. Potter was in goal for Namao.

On Friday Calahoo evened the series with a 5-3 win as Dale McMillan fired in three goals. Jay McGeough and Brian Ferguson added the others, Len Crozier, Bill

Akerman and Bob Sarnis counted for Namao.

Bill Akerman's hat trick on Sunday gave Namao a come-from-behind 5-3 win and a series lead of two games to one. Bob Crozier and Samis scored the other Namao goals. Jacques Constant, Gary Atchison and Dale McMillan scored for Calahoo.

Legal lost their opener Tuesday, 6-1 to Morinville and then came back to win 5-4 Friday and 11-2 Sunday.

Danny Prefontaine's se-

cond goal of the game with one second to play gave Legal their 5-4 win Friday.

On Sunday Red Pelletier banged in five goals to lead Legal to their lopsided 11-2 win. Danny Prefontaine and Leroy Coulombe had a pair each and Coulombe added five assists. Rick Pugliese and Fred Hesse scored for Morinville.

Should Legal and Namao win Tuesday night, then they would start the best of five finals Thursday night in Legal.

## Traders trip Bruins

Fort Saskatchewan Traders scored five third period goals to come from behind a 3-2 deficit and upset the St. Albert Bruins 7-6 in the Fort Sunday. The loss was the third in the Bruins last four games. They currently hold down fourth and

last playoff spot in the Capital Junior Hockey League, 10 points ahead of fifth spot Leduc Riggers.

Bob Pearn scored a pair of Bruin goals while singles went to Perry Whan, Jay Litke, Mike O'Neil and Mike Pearce.

## Namao defeats Juveniles -Lister gets 50th goal

Well it finally happened. After 18 league games without a loss, St. Albert Juveniles were beaten 4-3 by Namao Saturday night in St. Albert. The previous night St. Albert scored two late third period goals to gain a 3-3 tie with Namao. Sunday saw them back on the winning track with an easy 15-3 win over Westlock as Matt Lister scored his 50th goal of the year.

Friday in Namao, St. Albert fell behind 3-1 after 2 1/2 periods of play. Lister made it 3-2 at 13:30 and

Dave Grice tied the game at 14:45. Jeff Holden scored their first period goal. S. Saunders scored two for Namao and R. McLeod added the other.

On Saturday in St. Albert B. Carter scored a pair of goals for Namao in their 4-3 upset over St. Albert. H. Morgan and R. McLeod scored the other winning goals while Lister, Grice and Terry Kelser scored for St. Albert.

On Sunday, Lister, Scott Ballantine, Terry Kelser and Roger Meunier each had a

hat-trick in St. Albert's 15-3 thumping over Westlock. Grice, Gary Bruens and Holden scored the other St. Albert goals.

In addition to scoring his 50th goal, Lister also picked up four assists.

## Hercules arrange soccer registration

Registration for the 1974 soccer program will be held on Wednesday, Feb. 27 and March 13, between 7 p.m. and 9 p.m. in the Albert Lacombe (Grandin) and Leo Nickerson (Sturgeon) School gyms.

The soccer program is open to boys born from 1958 to 1968 and girls born from 1959 to 1962. Fees are \$5 per single or \$7 per family membership.

This year it is anticipated that the Hercules Association will be able to start

another level of competitive soccer by joining local league teams from boys living in designated areas in the town - e.g. Lacombe Park, Sturgeon. In addition the program shall also have "fun soccer" leagues.

Midget (15-16) level soccer practices to select the representative team are being held at the Albert Lacombe School gym in Grandin every Wednesday evening from 7 to 9 p.m. Runners must be worn in school gyms.

Registration for Hercules Girls Softball program, which is included in the family membership, will be announced later.

## Competition Keen - Inter High Bowling

In the first annual St. Albert Inter High School Bowling Tournament, Paul Kane emerged victorious over

their arch rivals, St. Albert High. It was a handicap tournament consisting of six games with the first round of three games being bowled on Monday, Feb. 11 at Grandin Lanes, and the second round of three games being bowled on Tuesday, Feb. 12.

Each school was allowed to choose 15 bowlers picked mainly from their respective bowling leagues to form three teams of five. The total number of points accumulated by the three teams over the six games plus a handicap given to each team based on their averages was the deciding factor of winning and losing.

The competition was very keen and both the schools were very evenly matched as was shown by the fact that after the first set of three games Paul Kane came through in the last game to steal the lead away from St. Albert High by a mere

89 pins. This set the stage for a thrilling finish.

In the last set, St. Albert High came very strong in the first two games to again take the lead but by only 50 pins. Paul Kane pulled out everything they had in the last game to regain the lead by only 80 pins and so win the tournament. Paul Kane received a beautiful trophy for their win donated by the St. Albert Sportsdon, Corey Laperle of St. Albert High and Paul Kane's Tony Nielsen were the two people who were responsible for making this tournament very successful. They should be congratulated for their fine work and also all the participants should be congratulated for giving a well deserved effort

## School prepares for Carnival

The action is getting into full swing at Simpson School in preparation for the annual winter carnival Feb. 25 - March 1. By now, students

may have knocked on your door with a request to buy a ticket for the House Captains King and Queen contest. The contest will not

only select the carnival's king and queen, on the basis of numbers of tickets sold, but will also reward a ticket purchaser to the tune of \$50. Which is a good return for a small investment. Winners will be announced Monday at 11 a.m.

Parents and friends of the students can be in on the carnival fun by taking in the penny carnival Wednesday evening, Feb. 27 from 7 p.m. Variety nights are scheduled for Tuesday evening and Thursday, when visitors can enjoy bands, skits, dances and other acts to be featured both evenings. Fee for adults is \$1.

Out of doors, various games and competitions will be held such as three-legged races, chariot races and broomball.

## Book Fair raises over \$500

The Book Fair held last Wednesday and Thursday at Sir George Simpson School proved once again that it is the kind of affair many people enjoy. They came from all parts of town and from the acreages and neighboring

districts and the result was upwards of \$500 raised.

Thirty-three women, mostly parents of Simpson and Rundle schools, volunteered to help set up displays and sell the books, magazines and comics. Magazines were an added attraction this year, and were completely sold out.

Many of the visitors were new this year and comments from all sides were enthusiastic. "We didn't realize the Fair would be this good,"

"It should be an annual event." Several suggested that books be gathered throughout the year and this the committee decided to do. Arrangements have been made for storage and the committee will pick up books and magazines at any time. Just telephone Anne Hapchyn at 459-3606 or Pat Romanov at 459-7312.

Last year proceeds of the Fair bought slide projectors for both Robert Rundle and Simpson Schools, plus library equipment and books. This year part of the funds will go for special projects and field trips for students, and part of the school's libraries.

This was the third book fair held and now a definite decision has been reached to make it an annual event.

**Buried

Crowfoot, born a Blood Indian, became the acknowledged spokesman for the whole Blackfoot Nation. He was a man who held the future of Alberta in the palm of his hand, but he foresaw that the Indian Culture could not withstand the impact of the White Man. He knew that his way of life was over, yet he attempted to salvage what he could. Having satisfied himself that the arrival of the Mounties meant that his people would be protected from themselves and from others, he persuaded his fellow chiefs to sign Treaty Number Seven in 1877. Alberta was opened for peaceful settlement. The Indians settled onto their reserves and Crowfoot passed into history as The Peacemaker, the Father of his People.

# Happiness is being retired and able to afford it.

Unfortunately, getting older doesn't mean getting richer. On the contrary.

In fact, more than half of retiring Canadians have to live on less than \$3,000 a year.

Fortunately, you can do something that'll make you better off when you retire. Section 146 of the Income Tax Act permits you to deduct up to \$4,000 from your annual taxable income for the purchase of a Registered Retirement Savings Plan.

Metropolitan Life has many plans - both annuities and permanent life insurance - eligible for registration. Such a plan lets today's tax deductible dollars help you to build additional retirement income.

If you're interested - and you should be - write or give me a call.

Then we'll work it out together.

# Library presents book reviews Grant Notley will speak in St. Albert

The movies have always held each generation in awe with the stories behind the names on the movie marquee. As this interest in the Hollywood colony grows even today, more and more biographies of movie greats are appearing. Beside the insight they bring to the movie industry you can bet that the stories they tell are never dull! The St. Albert Public Library recommends the following for movie fans and star gazers:

"Don't Say Yes Until I Finish Talking" is a very readable biography of one of the most powerful men in

Hollywood today, Darryl F. Zanuck, often called "the last of the great movie moguls." This candid account of his life includes many stories of the famous and impressions of the various periods in Hollywood's history.

John Huston: King Rebel appeals for different reasons, namely the man, and underlines many of the differences between the producer and the director within the industry. Huston is a fascinating man and this account of his long success story is an enjoyable, spirited narrative in itself.

Keaton, the definitive biography of Buster Keaton, is in many ways an example of all that a biography should be. It has gained almost classic stature in its brief existence and is a moving, respectful eulogy to a great artist.

Elvis could only be about one person. For a biography of a living, breathing idol this book scores remarkably well. There is a full account of the man's early life in a readable style that even makes it interesting and, of

course, plenty about his post-Sullivan days including full information on all 32 of his successful movies.

Karloff is an example of the "quickie biogs" that appear today (thanks, believe it or not, to the computer) whenever a name dies. And Boris Karloff is the perfect example of a name for in real life he was nothing at all like his image. This, if nothing else, justifies the need for this book. For the serious star gazer or just to relive old shivers, this book will satisfy.

## A different way to say thank you

Scouts, Cubs and Guides kicked off Scout Guide Week Saturday morning with a novel and thoughtful idea to say thank you to the people of St. Albert who supported them in many ways throughout the year, particularly their fund-raising projects, bottle and fertilizer drives. They enlisted the help of their mothers in getting about 75, 8 x 8 cakes assembled into five large cakes and decorated with Scouting emblems and then they spent the day from 10 in the morning till they ran out of cake at five minutes to four, serving

all the visitors to Grandin Shoppers Mall with a slice of cake, including staff people in the stores.

They also set up displays of badges, knot tying and other examples of their scout program. Approximately 100 cubs, scouts and guides were involved.

Boys of 5th St. Albert held a Church Parade Sunday at St. Albert Evangelical Lutheran Church as a further observance of the special week commemorating the birthday of their founder, Lord Baden Powell, and will be having a father and son banquet on Friday evening in the basement of the Roman Catholic Church at 8 p.m.

## Around Town

# workshop held by W.I.

By Liz McLeod

A most successful WI workshop was held at Mrs. R. Marina Yoeman's new home in Onoway on Feb. 13 and 14 with Mrs. Marlene Jubinville of the Resource Dept. in Edmonton at the helm.

District Director Vera Holt instigated this idea and when she couldn't follow through she asked Constituency Convenor Mrs. Mary Dalheim to arrange the workshop.

Esther Lunan, Tillie Huber, Gladys Abramenko and Lucy Baker attended from Spruce Grove, Pat Brendel from Darwell, Eileen Perr-eault, Theresa Engleman, Marie Eckerle, Sophie Reid, Therese Boog and Elsie Williams from Onoway and Mary Dalheim from Calahoo spent the day learning the characteristics of a good leader.

The consensus was that a leader of any group must, (first) - have the ability to present ideas and invite questions; (second) have ability to state a problem and seek suggestions before making a decision, (third) must be able to define the problem and have members make the decision, (fourth) have diplomatic ability to keep group out of conflict; (fifth) have the respect of the commun-

ity.

Members next were given sheets containing 50 true or false questions for a test on Perception. It was surprising how the women agreed pretty well on most of them.

After lunch the group studied communications and learned that only seven per cent of messages comes through words - 38 per cent from body language and 55

per cent through tone or inflection.

A leader must be courteous, patient, enthusiastic, sensitive, interested, broad-minded and co-operative to name just a few of the 30 points rendered.

Members went home renewed in mind and spirit and resolved to make Women's Institute meetings more meaningful.

## Report From Bon Accord

By Sadie Allen

A very good crowd turned out for bingo on Sunday, Feb. 17. However the jackpot is being hard to come by and has now reached \$100 and 60 numbers. If its any consolation, all proceeds go toward community activities. Perhaps knowing that its all for a good cause will help that frustrated feeling. Be there on Sunday, Feb. 24 at 7 p.m. and try your luck.

A best ever crowd attended the Cadet-sponsored bean supper on the afternoon of Feb. 10. Trophies and prize money, courtesy of Bon Accord Community Centre Recreation Board were presented to winners of the Snowmobile Derby. Master of ceremonies for the occasion was John Zendran and carnival queen Miss Shelly Brown made the presentations. Winners and runners up of events were: 340 cc - 1st-Gary Peterson, Leduc; 2nd-Dale Zinnick, Bon Accord; 3rd - Stewart Lavigne, Edmonton; 440 cc - 1st-Randy Raplen, Bon Accord; 2nd - Debbie Peterson, Leduc; 3rd - Bruce Pawlechko, Bon Accord; 340 cc, super stock - 1st Barry Sturrock, RR1 Coronado; 2nd - Garry Peterson, Leduc; 3rd - Stewart Lavigne, Edmonton; 440 super stock - Duane Clayton, Edmonton; 2nd - George Collinge, Sherwood Park; 3rd - Debbie Peterson, Leduc; Open class - 1st-Duane Clayton, Edmonton; 2nd Harvey Howell, Sherwood Park; 3rd - Randy Raplen, Bon Accord and then there was the special event wherein driver Russell Pawluk, being parted from his machine on a bumpy section of the course, beat it to the finish line afoot. Weather conditions permitting, the snowmobile derby will be an annual event, run in conjunction with the winter carnival.

The peewee hockey team continue to put on a good show. Besides winning the cup for Minor Hockey Week by downing teams from Vimy Morinville, Redwater and Gibbons, the boys won the first game in league playoff on Saturday, Feb. 16, over Redwater by a score of 9-2. Midget boys toppled Gibbons in league semi-finals with a 10-0 score on Feb. 16 in a game at Bon Accord and 8-3 in a game played at Gibbons on Feb. 17.

The Local Association for Brownies and Guides held a meeting in the clubroom on Feb. 17 at 2 p.m. Eleven ladies were present. Under discussion were the many events scheduled for the St. Patrick's Tea to be held on March 16 from 2 - 5 in the Bon Accord Community Centre. Tickets - 50 cents for adults and 25 cents for children (14 and under) are being sold in advance and may be obtained from the meat counter in Village Superette. On Feb. 23 between the hours of 2 and 4, the girls will be canvassing homes in the Bon Accord area for articles for the White Elephant table. Items such as dishes, pocket novels, ornaments, jewellery etc. will be grate-

fully accepted. However, clothing cannot be handled. The list of door prizes has grown to include \$5 from Norm's Oilfield Welding Ltd a \$10 voucher for services from B.A. Super Service; \$5 from Arnold Reichle Carpet Installations Ltd. and a leather shoulder purse from Mr. Victor Schiffner. The next meeting of the Local Association will be held on March 5 at 8 p.m. in the Bon Accord Clubroom.

Parents or any interested persons in the Bon Accord or Elk Island region who wish information concerning cubs or scouts, please feel free to call District Commissioner Gordie Gorringe at 298-2397. He will be happy to answer your questions.

Congratulations to Norma and Tex Yerex on the birth of their daughter Elizabeth Anne, 5 lbs. 8 oz., on Feb. 11th in the University Hospital.

Enough interest has been shown to warrant the holding of a driver training course in Bon Accord. However, more applications for Defensive Driving are needed. Please contact Bill Carleton if interested in either course as soon as possible. When all applications are in, a meeting will be set up with a representative from AMA to arrange for schedules best suited to each trainee.

A final reminder to all telephone subscribers in the Bon Accord area - Have you returned your ballot on Extended Flat Rate Calling? The deadline is Feb. 27.

Judging clinics on clothing, foods, garden and handicrafts will be held on Monday, Feb. 25 in the Westlock Legion Hall and Tuesday, Feb. 26 in the Youth Building, Edmonton Exhibition Grounds for all leaders with the above projects, adult advisors and any potential judges (badly needed). For further information on the agenda etc. please contact Joanne Long, 298-3736.

Reorganization of the Bon Accord Lions is in progress with re-instatement of 17 former members and interest being shown by several new members.

The Community Centre Board will hold their annual pancake supper on Shrove Tuesday, Feb. 26 at the Bon Accord Community Centre from 5:30 to 7:30 p.m.

Missing from the Holy Trinity Church are a pair of copper candlesticks placed in the church in memory of Clyde Buchanan who was killed in action in the second world war, a white

brocade communion veil and an heirloom brass candlestick on loan from Mrs. Hugh Cline. Any information concerning or return of these articles would be much appreciated.

The Ladies Community Club are sponsoring a dance to be held on March 2, music by the Satellites. Tickets will be for the dance only and may be obtained from Doreen Hewitt, 298-3581. Boxed lunches will be auctioned with proceeds from the auction to go to the cubs. It is to be hoped that all cub parents are planning to attend the dance, thereby being in a position to support their own fund-raising project.

The 4H Clothing Club held a meeting on Feb. 12 at the home of Betty Kushak. Members have a choice of bowling at the Odeon on March 3 or curling at St. Albert on March 10. Mr. Arnold Malone will be giving club members pointers on public speaking on March 12 from 7:30 to 9:30. The 4H public speaking competition will be held in the Community Centre on March 17 at 2 p.m. Achievement Day is slated for April 19 at 1:30. A fashion show will be featured and will be followed by lunch. Everyone is invited to attend both events. This report was submitted by club reporter, Janet Mulligan.

A shower honoring Miss Nancy Lorensen, fiancée of Dan Morris was held in the Community Centre clubroom on Monday, Feb. 4. Assisting at the gift table were Mrs. Marjorie Morris, Mrs. Janet McGuire and Mrs. Lorensen. A lovely lunch was served by co-hostesses Mmes. Lil Schick and Margaret George, assisted by Mmes. Dorothy Rigney, Alice Strawson and Dorothy Potter.

Leadership Development Workshop is back on Wednesday, Feb. 27, still with Don and Helen Mayne as leaders. This event is planned for everyone interested in any form of Christian education. Starting time is 7:15 p.m. in the Namaso United Church. A reminder to all young people who might be interested - an evening of fun and fellowship will be held in the Bon Accord United Church on Saturday evening, Feb. 23.

## Library presents

The Gibbons Public Library is happy to report that their membership is on an upward climb, with a total of 82 members to date. This is not as many as they would like to see, but is a good start. Let's see some of the rural population join.

Reading is a good pastime on the long cold winter nights. To help the members get further enjoyment and use of the Library, the Library Board has purchased a number of new hard cover books. Some of the new books to look for are a number of National Geographic Historicals and Travelogues. Which include such titles as: Nomades of the World, Mans Conquests of Space, Discovering Mans Past in the Americas, Vanishing Peoples of the Earth, The River Nile, Isles of the Caribbeas, Exploring Canada from Sea to Sea, Australia, Alaska and many more vividly illustrated books which we are sure will catch your eye.

The Library have not forgotten the children either, for they make up the majority of the members. Fifty new books have just recently been put on the shelves, included are a number of favorite classics, fairy stories and adventure stories for both boys and girls.

The Library has also purchased two new books on handicrafts. These books give you step by step instructions on some of your favorite crafts. They hope to purchase very soon, some books on sports and how to play and coach them. Anyone who has a book they would like to see on the shelves let them know and they will try and have it there for you.

There will be a sale of used pocket books and duplicate hard cover books on Saturday, March 2 from 12:30 to 4. The money from the sales of these books will be used to purchase new books and supplies for the Childrens Story Hour which they hope to be started in the near future.

The Library Board needs new members. Anyone interested in volunteering their time phone Mrs. Horbachewski at 799-5606 or Wendy Barker at 799-5901.

## THE LAST ROUND-UP

The Gibbons Senior Citizens Club held their regular meeting on Feb. 15. There were 28 members in attendance. Bingo was played. It was requested that any senior citizens having old pictures or family histories, have them in the first week in March. This will be a big help to those compiling the History of Gibbons and District.

Lunch was served including a lovely Valentine cake for January and February birthdays. The Senior Citizens catered for the lunch, following the crowning of Miss Sno Ball '74. The senior citizens had many kind complimentary remarks on their efforts.

The fine sportsmanship and determination of both teams was a rewarding experience for all the fans. We say "Hits Off" to both coaches, Gordon Perrott of Riviere Qui Barre and Dennis Tone of Sturgeon Valley for the time and effort they have spent in training these boys.

## Riviere Qui Barre

Riviere Qui Barre is staging a Turkey Supper with exceptional entertainment on Sunday March 3 at the school gym.

Following the full course home-cooked meal, there will be an hour of entertainment by the Columbia Girls Choir and opera soloist, Iris Fraser.

January 26 saw the Riviere Qui Barre Mites score a 3-2 victory over Sturgeon Valley, in a thrilling overtime game, winning the Sturgeon Affiliates League Minor Hockey Week Trophy.

"Hockey" was the name of the game and fans report that watching these young athletes perform was a "once in a life-time experience."

The end of regulation time saw the game tied 2-2. Sturgeon Valley goals were by Gerry Kok and Terry Jensen. Riviere Qui Barre scorers were Donald Kaup and Paul Shafers. Along with all the flu and terrible colds that have been going around lately we find that our news column is getting shorter by the week. Sorry for that, but if you have something of interest you are asked to call me. Now that we see the sun more each day, there will no doubt be some chance for you to perhaps get downtown, and I surely would be glad to have any of you drop into the office for a chat about 'around town' goings-on.

Wives of the Lions Club members are busy these days planning and preparing for the big 25th anniversary celebrations that are coming up March 30 and 31. Several meetings have been held at the home of Maryann Gibeault to plan special decorations, theme etc. for the many activities that the Morinville Club will host for the wives of visiting member clubs.

On Wednesday, Feb. 13, about 40 men gathered at the Legion Hall in Morinville for a farewell party in honor of Constable George Mallett of the local RCMP detachment. George and his wife Liz will be leaving shortly to take up residence in Ottawa where George has been recently transferred.

The fellows gave George a rousing farewell complete with a midnight supper of Chinese food prepared by Bing Chan.

Welcome home from hospital to Mayor Art Stapleton, so glad you are back! All those skates seemed to get duller and duller during the past two weeks!!

IT'S A SMALL WORLD! That's the theme of the 1974 winter carnival coming up on Sunday, March 10, and this year there will be some exciting guest skaters. Several of our local young people will be featured artists, though they have taken all the instruction possible at the Morinville level and are now studying under the CFSA out of St. Albert and Edmonton. Included in the list of guest skaters are: Vivian Blackburn, Lise Houle, Donna Kryskow, Cynthia Robinson and Phillip Saldern. The Morinville Power Skating Group will give demonstrations, and this group is another "first" for our town and district. All members of the Morinville Lions Figure Skating Club will participate with - solos, duets, and group displays. Rather than have a carnival queen contest this year (most of the students are too young) the club will be raffling off a TV. Tickets are now on sale

from club members and mothers. The posters have just gone up so check them for times etc.

The Rendezvous Club had a very good attendance at their valentine party on the 13th when 11 tables were filled for whist. Winners were - 1st prize; Ladies - Jeanne Houle, Men's - Harold Rockwell; Broby Prize; Ladies' - Margaret Rousseau; Men's - Sid Weiss. Mrs. Ubald Chevalier won the door prize. Following the whist there were five games of card bingo to give everyone a good appetite for the delicious lunch which was on hand as usual. Miss Violet Weiss brought a birthday cake to celebrate the birthdays of Mrs. Rose Weiss and Mrs. Laura Kieser. It must also be mentioned that Miss Violet Weiss had celebrated her own birthday that week so there were really three people to whom the special "Happy Birthday" song was directed. On Wednesday, the 20th, the group will begin practicing (in earnest) for the card and game competitions to be held during the Rec Fest '74. The club asks that everyone be reminded to send in their registrations on time! Deadline is February 28. Check the posters and pick up your application now.

Morinville Board of Trade will hold their regular monthly meeting on Monday, March 4 at 6:30 in the Legion Hall. It will be supper at 7 p.m. as usual, and it is hoped that Mayor Stapleton will be the special guest speaker on the "Growth of Morinville."

The Cubs and Scouts held a 'Father and Son' banquet February 17 at the Rec. Centre. They opened by parading the colors before the boys joined their fathers for supper. Head table guests included Alf Garvin, Ray Evans, Father Primeau, Rev. Brown, Al Robillard, and two Scouters, Rev. Brown gave the blessing, and after the introduction of the head table Father Primeau and Rev. Brown handed out Religion and Life Badges. All the fathers were presented with churches made from sugar cubes, and a special thanks went out to all the leaders for assisting the boys with the construction of these mementos, they were extremely attractive. The evening was closed with a campfire singsong. The executive would like to thank all the mothers who assisted with the serving of supper, and all the parents who donated toward the Pot-Luck supper. Thank you fathers for attending with your youngster!!

Men's Keep Fit Classes - are beginning tonight at 8 p.m. in Cunningham School. The program will consist of physical fitness and sports to keep your body in shape. All male adults over the age of 20 years are invited to drop over to Cunningham School on the evening of February 20, or phone 256-3080 or 256-3406 for further information.

# Westlock pioneer passes at 88

By Jeanne Laplante

Funeral services were held on Tuesday, Feb. 12 for a pioneer of the district, Mr. Fortunat Bernard, 88 years of age who passed away at the Westlock Auxiliary Hospital after a year's illness.

Prayers were held in Our Lady of Victories Church, Vimy on Monday evening. Grandson, Bob Bernard rendered the readings and two other grandsons, Edwin Bernard and Paul Dusseault assisted Rev. E. Croteau who officiated at the ceremony. Funeral mass was concelebrated by Father Croteau and Father Young of Clyde and readings were said by great-grandson Adrien

Beauchamp. Interment followed in the local cemetery. He was predeceased by his wife Marie in January 1934 and also three daughters.

Born on June 19, 1886 in St. Justine, Quebec, Mr. Bernard married Marie Bernadette Roy in 1911. They came west in 1920 with their five children and settled at Egg Lake in the Morinville district. Five years later, they moved to Vimy. In 1953 he moved to Edmonton to live with one of his daughters. Having heard of the construction of Chateau Sturgeon in Legal he was the first to register for a room in the new edifice. He came there in June 1962 at the age of 76. He lived there until January 1973 when he became ill and was hospitalized at the Immaculata and later at the Auxiliary until his passing.

He leaves to mourn his loss four sons and six daughters, Adrien, Edmonton; Henry, Emile, Marcel - Vimy; Mrs. Jeanne Beauchamp, Mrs. Syd (Marie) Richardson, Mrs. Dan (Yvonne) Pope, Edmonton; Mrs. Walter (Louise) Cunningham, Oshawa, Ont., Mrs. Paul (Ju-

lie) Destruel, Clyde; and Mrs. Jean (Clemence) Dusseault, Vimy. One brother, Adalbert Bernard, Soobey Mon., and one sister Mrs. Armanda Fauchon from Ste. Justine, Que. His progeny consisted of also 37 grandchildren and 20 great grandchildren.

Pallbearers consisted of grandsons, namely, Norman Richardson, Clement Beauchamp, David Pope, Bob Bernard, Terry Bernard and Maurice Bernard. Honorary pallbearers were Ludovic Pelletier, Francois Landry, Alphonse Huot, Leon Prefontaine, Arthur Morin and Phillip Hebert.

The Bernard family wish to express sincere thanks to relatives, friends and neighbors for their many messages of sympathy, floral tributes, donations to the Cancer Society and all the help during their recent loss. Special thanks to the priests, pallbearers and to the ladies who prepared and served the tasty lunch in the Vimy Community Centre following the church services.

Connelly-McKinley Ltd. were in charge of funeral arrangements.
